REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

301-415

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 4,697,281 granted September 29, 1987 and for which a reissue patent is sought on the invention entitled

Cellular Telephone Data Communication System and Method

the specification of which

☐ is attached hereto.

☒ was ~~filed~~ on April 17, 2001 as reissue application number 09/835,464

and was amended on July 24, 2002; November 15, 2002; August 20, 2003;
(If applicable) December 16, 2003 and June 9, 2004

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verify believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

This is a broadening reissue. Original claim 1 of Patent No. 4,697,281 included the phrase "activated state" in reference to the method of operating a modem. This phrase was included by error and was unnecessary to the invention now being claimed in this divisional reissue and rendered the original patent wholly or partly inoperative.
